

GENSCAN'S GREAT UN-G-MEN-3K3!

-KUROCHAN2?

I wish for GGSense to grow up as a wonderful academic group where I can keep it as my life's study. I'll try my best to work my ass off while the conceptual One.

-Buffy

It's better than being anything with this group. All that love, love are so encouraging and have helped me to keep growing. I really hope that we can get more stuff to help us out.

-SHIKKA

I want to see this group grow in staff and flow. As for I have had lots of fun and plans are having fun, more fun in the long run. I hope that everyone that comes along, ends up finding their own little place in the group as well. Besides, who wouldn't like a nice little place in the future to just read, or otherwise do academic activities. Anyway for GGSense long future. P.S. If I ever come, pointing out about Midori's work. Please let's try to join in on the excitement. :D :)

-Midori

Be yourself stuff is here.

-LOVETHEMUSIC

Hiya, I don't know what to write here. Things are awkward. I'm nervous and proud.

It's been awhile since I've gotten forward, not been with whatever my things find through it all, but will please through it.

-WOLFWOLF

Come join us! We are looking out for you! Come and meet!
